Chilton Rustic veneer stone, Indiana Limestone caps and custom sign.

Custom Cut Stone

Whether you are redefining modern architecture, matching stone from an existing structure or looking to add a unique look to your home or commercial project, Madison Block & Stone is the destination. Our experienced staff will source stone if needed, and make helpful design recommendations.

We have been fabricating Indiana Limestone and other building stones for over 40 years and we look forward to working with you on your next project.

Reimagining Granite

We'll take you beyond standard polished surface granite countertops and surrounds. Nontraditional surface treatments, such as brushed and flamed finishes, keep projects fresh and trend setting, giving competitive advantage to design professionals and accommodating unique homeowner requests. Designers who specify countertops in granite, marble, limestone, soapstone and quartz can trust their vision to Madison Block & Stone.

We provide only the highest quality stones from reputable sources, and we fabricate in-house. Our installation crew works directly with our sales representatives, ensuring proper communication and total customer satisfaction.

Masonry Stone

Madison Block & Stone features a huge selection of masonry stone for any project. Our outside masonry representative provides hands-on, practical feedback acquired through years of installation experience.

Combine our wealth of sales and field knowledge with our select vendors for productive meetings that create superior material specifications, happy clients and outstanding end results.
